

DIMACHEM

## Polite Notice of Price Increases in 2024

We appreciate your business and continue to strive to provide you with the best service and products possible.

We have done our best to absorb most of the manufacturing and raw material increases in 2023. However, to keep providing the same quality service and products in 2023, we will be increasing our prices, effective **January 1, 2024**.

Please contact your Dimachem representative for the new price lists for 2024.

All current and new orders placed through December 31, 2023 will be honoured at the current 2023 pricing. Orders placed in January will follow 2024 pricing.

If you have any questions please feel free to get in touch with your representative and they will be pleased to share with you more details.

After our annual cost analysis review, increases in transportation, energy, raws, and labour will drive a 2.5%-4.5% price increase.
